He has totaled 143 yards on the ground, but G-A is still struggling to find any passing success. The most yards through the air the Blue Devils have had was 48 in Week 2 against Milton Hershey.

James Buchanan at Mifflin County

Game data: James Buchanan Rockets at Mifflin County Huskies ... Friday, 7 p.m. at Mitchell Field ... Mid Penn Colonial Division game.

Teams: Entering Friday's game, both JB and Mifflin County are 0-3. Both have struggled to put together a strong defensive performance. The Rockets are allowing 52.67 points per game, while Mifflin County has given up an average of 50.67 points.

Notes: In Week 1, the Rockets had a fine offensive showing, finishing with 36 points in a high-scoring loss to Hanover. Since then, JB has scored only 10 points and is coming off a 46-0 loss to Camp Hill. Defensively, Zane Bray has been a standout. He has totaled 17 tackles so far, while Colby Bradshaw has been credited with 15 tackles. Sean Bankson (13.5 tackles) and Caden Ficks (12.5) are also big contributors.

Mifflin County has established a decent passing game. Senior Drew Williams has throw for 424 yards, while sophomore Noah Wright is 9-for-16 for 122 yards in two games. The ground game needs work, though, as the Huskies have gained a total of just 108 rushing yards through the first three games. They're averaging less than 2 yards per carry.
